With over 5 years of experience in IT enabled services, I specialize in implementation, administration, and troubleshooting across multiple platforms, including Windows Server 2012/2016. Proficient in system administration with expertise in cloud technologies, server management, desktops, firewalls (SonicWall), VOIP phones, cloud backup, DHCP, Office 365, MS Outlook, and Active Directory. A self-motivated team player with strong interpersonal skills and a proven ability to quickly learn new workflows, applications, and tools. Known for excellent technical and problem-solving skills, I am committed to delivering efficient IT solutions that drive business success.
